

Dear Supporter,

We are at an important crossroads. We know that the current housing crisis in Ottawa is a real challenge – and safe, transitional housing for female refugees is critical. We are turning away a handful of women each week. Carty House has a model that works, and we are excited to take this next step towards being part of the newcomer housing solution in the nation’s capital.

Plans are now underway for Carty House to expand by opening a new house in the first half of 2024!

Carty House is the only transitional home for female refugees in Ottawa, who are so very vulnerable. Navigating a new country, as a woman alone, can be daunting. We are dedicated to ensuring that each resident has what she needs to create a safe and stable future for herself. These women work so hard to start over and in the midst of all that they have been through, they are still full of hope and resilience. They inspire us every day.

We are answering a call to grow bigger hearts...to welcome more refugee women and to support them as they rebuild their lives in Canada, one step at a time. But we can ONLY do this work with YOUR help! **YOU HAVE NEVER LET US DOWN.**

I would also invite you to consider joining the **Circle of Hope monthly giving program**. We started 2021 with 5 loyal monthly supporters. We now have 38. Won't you help us reach our target of 40 monthly givers by the end of 2023?! Every gift matters.

Thank you for your anticipated generosity and for continuing to care about these women. It is an honour to support them on your behalf. Together, we can really make a difference, one life at a time.

Diana Martin
Chair, Board of Directors

Thank You
